

Personal and Small Business Account

Our Personal and Small Business Account package gives you everything you need to get your web site online, complete with email. This entry-level solution is just £8.99 per month for a professionally hosted package.

Benefits:

Simple - just the features you need with no confusing options
Useful - 10 POP3 mailboxes for family or employees
User friendly - Easy to use control panel puts you in charge
Low cost - No need to break the bank to give the right impression

Recommended for:

Home users who need more than the "free" ISPs can offer, and small businesses that want to present a highly professional image.

Features: (see comparison chart for full list)

- 1GB monthly data transfer
- 10MB of space for your site and emails
- 10 POP3 mailboxes, each with own username and password
- Easy to use control panel
- Online billing and statements
- Email forwarding and auto responders (useful if on holiday etc)
- 24x7 technical support
- Basic statistics to monitor your site popularity
- RAID (redundant array of inexpensive disks) to protect against failure
- FTP access

Price:

Choose a fixed monthly fee or an annual fee.

Monthly £ 8.99

Annual £ 79.99

Business Account

Designed with the small office/home office market in mind, this package is flexible enough to host interactive web sites and provide as many email accounts as required. We've looked hard at what you need and have given the services required without expensive add-ons.

Benefits:

Scaleable: 100MB web space and 3GB data transfer per month means your site can service thousands of users

User friendly - easy to use control panel puts you in charge

Online statements and invoices make it easy to keep track

Cost effective - pay annually and get two months free

Powerful - ASP, PHP, PERL and ODBC means interactivity for your users

Simple - use FrontPage 2002 or FTP to maintain your site

Recommended for:

Business customers who want a range of features but to keep a close eye on the cost.

Features: (see comparison chart for full list)

- 3GB monthly data transfer
- 100MB web space
- 50 POP3 mailboxes - enough for employees and generic accounts (e.g. sales@mycompany.com)
- Easy to use control panel
- Online billing and statements
- Email forwarding and auto responders (useful if on holiday etc)
- 24x7 technical support
- Basic statistics to monitor your site popularity
- RAID (redundant array of inexpensive disks) to protect against failure
- FTP access
- FrontPage 2002 server extensions available
- ASP, Perl, MySQL, PHP for dynamic sites
- SQL Server 2000 option for intensive database hosting
- Custom error pages - no more lost customers due to 404 errors

Price:

Choose a fixed monthly fee or an annual fee.

Monthly £ 14.99

Annual £144.99

E-Commerce Account

This is a comprehensive account for power users who want to take advantage of the latest technologies (e.g. .NET) to develop advanced sites and applications. We keep up-to-date with the latest technologies and offer them to power users with this package. We think it is the ultimate in Windows 2000 web hosting.

Benefits:

- State-of-the-art: use .NET to develop online applications
- Scaleable: 500MB web space and 5GB data transfer per month means your site can service many thousands of users
- User friendly - easy to use control panel puts you in charge and gives access to advanced features
- Online statements and invoices make it easy to keep track
- Cost effective - pay annually and get two months free
- Powerful - ASP, PHP, PERL and ODBC means interactivity for your users
- Simple - use FrontPage 2002 or FTP to maintain your site
- Advanced statistics included for detailed site activity analysis
- Multiple DNSs for multi-database interactivity (MySQL, Access, SQL Server 2000)
- Professional: Sub domains and domain aliases mean you can have sub-sites or micro sites (e.g. sales.mycompany.com and support.mycompany.com)

Recommended for:

Power users and web developers who need speed, functionality and features in an all-in-one package.

Features: (see comparison chart for full list)

- 5GB monthly data transfer
- 300MB web space
- 200 POP3 mailboxes - enough for employees and generic accounts (e.g. sales@mycompany.com)
- Easy to use control panel with advanced features (e.g. MIME editor)
- .NET for powerful applications
- Email forwarding and auto responders (useful if on holiday etc)
- 24x7 technical support
- Basic statistics to monitor your site popularity
- RAID (redundant array of inexpensive disks) to protect against failure
- FTP access
- FrontPage 2002 server extensions - maintain your site with ease
- ASP, Perl, MySQL, PHP for dynamic sites
- SQL Server 2000 option for intensive database hosting
- Custom error pages - no more lost customers due to 404 errors

Price:

Choose a fixed monthly fee or an annual fee.

Monthly £ 24.99

Annual £239.00
